

# Week 10: Neural networks and classification

Hans Georg Schaathun

25th April 2017

| Time       | Topic                              | Reading |
|------------|------------------------------------|---------|
| 8.15-9.00- | Lecture: Improving Neural Networks |         |
| 9.00-      | Recap of tutorials last week       |         |
| 11.45-     | Lunch break                        |         |
| 12.15-     | Questions and answers              |         |
| 13.00-     | Continue with previous tutorials   |         |
